

Birthday Bash

Who da birthday kid? That's me
Who da birthday kid? That's me
Wave your hands in the air like me, wave your hands in the air like me
Listen for your friends! Listen up
Listen for your friends! Listen up
They're here so bring them in, they're here!
Its time to party jump right in!

Doo Doo (Freestyle)

Who da birthday kid? That's me
Who da birthday kid? That's me
Wave your hands in the air like me, wave your hands in the air like me
Who da birthday kid? That's me
Duck under to the right
Duck under to the left
Duck under to the right
Now everybody party again

Doo Doo (Freestyle)

Now we're following the leader, chicken head crazy knees
Keep on following the leader, hands in the air please
Now jump, slide slide
Now somebody on the left gets high five
Now we're following the leader, chicken head crazy knees
Keep on following the leader, hands in the air please
Now jump, slide slide
Now somebody on the right gets high five

Lunge right, blow out your candles
Lunge left, blow out your candles
Present time, let's slide slide slide
Pump it up, back it up, bring it forward, marching front
Pump it up, back it up, bring it forward, marching front
And slide slide slide

Doo Doo (Freestyle)
