

I'm a Little Tulip

The Sha Sha's

I'm a little tulip, soaking up the rain
Watch me bloom, watch me grow
Reach up to the sky, touch the morning sun
Petals open and close

I blo-o-o-ow in the wind
& gr-o-o-o-w with the spring
Yeah I blo-o-o-ow in the wind &
gro-o-o-w with the spring

I'm a little poppy, soaking up the rain
Watch me bloom, watch me grow
Reach up to the sky, touch the morning sun
Petals open and close

I blo-o-o-ow in the wind
& gr-o-o-o-w with the spring
Yeah I blo-o-o-ow in the wind &
gro-o-o-w with the spring

I am a sunflower, soaking up the rain
Watch me bloom, watch me grow
Reach up to the sky, touch the morning sun
Petals open and close

Sway to the right
Give our thanks to the sunlight
Sway to the left
Say goodnight to the sunset

We blo-o-o-ow in the wind
& gr-o-o-o-w with the spring
Yeah we blo-o-o-ow in the wind &
gro-o-o-w with the spring
