

LOOKS GOOD ON YA

Reach for the sky, go right, then left, up high
Shrug your shoulders and wake yourself up
Shake, shake, shake out your hands and do a finger dance
Wiggle your body like you can't get enough
Put your best face on, cause it looks good on ya, good on ya!

Reach up, right, and then reach left
Drop your hands down to your hips
Jump up, clap, and then stretch taller
Now smile, cause it looks good on ya
Reach up, right, and then reach left
Drop your hands down to your hips
Shuffle to New York, then California
And smile, cause it looks good on ya

We're waking up our feet
Shake 'em, shake 'em down the street
Let your knees point in, then outward
Arms in the air, wave 'em, wave 'em everywhere
'Till you start flying just like a beautiful bird
Put that smile on, cause it looks good on ya, good on ya!

Reach up, right, and then reach left

Drop your hands down to your hips
Jump up, clap, and then stretch taller
Now smile, cause it looks good on ya
Reach up, right, and then reach left
Drop your hands down to your hips

Shuffle to New York, then California
And smile, cause it looks good on ya

Fast!
Wiggle 'round the room
Now freeze!
Fast!
Wiggle round the room
Now freeze!

Reach up, right, and then reach left
Drop your hands down to your hips
Jump up, clap, and then stretch taller
Now smile, cause it looks good on ya
Reach up, right, and then reach left
Drop your hands down to your hips
Shuffle to New York, then California
And smile, cause it looks good on ya
