

UNIQUE UNICORN

Right here under a rainbow, I bend my knees then stand up tall
I jump straight up into the sky, me and my rainbow wings above it all
I stretch my big strong body to the left and to the right
I spin around with all my friends, feeling powerful and bright

I am a unicorn, I gallop right across the sky
I shimmer and I sparkle now, with a magic that's all mine, all mine
I stand tall and I stand proud, but I can jump jump around
We are all unicorns, so let me see you smile

Right here under a rainbow I play freeze dance with all my friends (freeze!)
Then we can ride and ride, we'll be friends forever till the end
I can tap my left foot then my right, I can shimmy shake all day
I spin around, let my hair down, and you can hear me say...

I am a unicorn, I gallop right across the sky
I shimmer and I sparkle now, with a magic that's all mine, all mine
I stand tall and I stand proud, but I can jump jump around
We are all unicorns, so let me see you smile

Oh! I wanna see your unicorn wings (let me see your wings)
Oh! I wanna hear you unicorns sing (I wanna hear you sing)
Oh! I wanna see your unicorn wings
We are all unicorns, so let me see you smile
