Darling Daisies

Did you know in dance we always count to the number 8? Not 9 or 10, just 8. Let's try it 1,2,3,4,5,6,7,8. How many petals do you think a daisy has? Let's see.

1 I take a walk outside and
2 out in the sun
3 I step out in the grass and
4 lets have have some fun
5 I see a daisy growing
6 I pick it up
7 let's all count the petals
8 it's time to pluck

Dancing around the grass, I take it nice and slow
Picking out the petals, pulling pieces as I go
count 'em as I pull 'em, they're all different and so great
1 2 3 4 5 6 7 8

8 let's have a picnic now and
7 spin around
6 I lay a blanket out and
5 I sit on down
4 I see the ants go by and
3 I say hello
2 I pick another daisy
1 it's time to go

Dancing around the grass, I take it nice and slow
Picking out the petals, pulling pieces as I go
count em as I pull em, they're all different and so great
1 2 3 4 5 6 7 8

1 I take a walk outside and
2 out in the sun
3 I step out in the grass and
4 lets have have some fun
5 I see a daisy growing
6 I pick it up

7 let's all count the petals
8 it's time to pluck

Dancing around the grass, I take it nice and slow
Picking out the petals, pulling pieces as I go
count em as I pull em, they're all different and so great
1 2 3 4 5 6 7 8

1 2 3 4 5 6 7 8
