The Tapping Tooth Fairy

"Have you ever met the tooth fairy? I wonder what they look like. Today we're going to tap with the tooth fairy so get your tappy toes ready!"

Stand tall with your hands on your hips
Wiggle 'round with a smile on your lips
Tap your right toe, step 'em back together now
Tap your left toe, together and bounce

Tooth fairy, tapping tooth fairy
Flapping both her wings and she's spinning while she sings
Tooth fairy, tapping tooth fairy
Shuffling her feet just to make your life sweeter

Tooth fairy with your arms out wide
Flap your wings stepping side to side
Tap your right toe behind you and clap
Tap your left toe and do it again

Tooth fairy, tapping tooth fairy
Flapping both her wings and she's spinning while she sings
Tooth fairy, tapping tooth fairy
Shuffling her feet just to make your life sweeter

*Wave your wings and spin around
Reach high and touch the ground
Flap your wings, left and right
The tooth fairy is coming tonight*

Stand tall with your hands on your hips
Wiggle 'round with a smile on your lips
Tap your right toe, step 'em back together now
Tap your left toe, together and bounce

Tooth fairy, tapping tooth fairy
Flapping both her wings and she's spinning while she sings
Tooth fairy, tapping tooth fairy
Shuffling her feet just to make your life sweeter

Tooth fairy with your arms out wide
Flap your wings stepping side to side
Tap your right toe behind you and clap
Tap your left toe and do it again

“That was a tappy, terrific time, dancers! I hope the tooth fairy comes to your house soon!”
