Broadway Bounce

Shake out the sillies
Then spin around
Shake 'em out quickly
Get 'em all out
Drop like a ball
Jump up like a star
Curl up real small
Then reach out real far

Fan to the left
Fan to the right
Wave those hands at the broadway lights Fan to the left
Fan to the right
And own the stage

Bounce to the front with your hands on your knees Slide right, Slide left
Runnin' wild and free
Show the world who you wanna be
Now pose for a pic
Ready? (Click click click click)
Dream of all that you can do
Cause every great thing starts with you

Bring on the good vibes
Shake it again
Having a great time
Wave to your fans
Drop like a raindrop
Jump like a star
Show off those jazz hands
Be who you are

It's getting hot
So cool yourself down
Wave both your hands
Left, right, all around
Bounce with your hands
Up on your knees

Step right, step left
ARE YOU READY?
