Fishy Kisses and Bear Hugs

Stand up tall with your fishy fins on
Feet together now we bend to the song
Bend and stretch, bend and stretch
Oh yeah it's comin' along
Open your feet to make a fishy tail
Show your fishy lips to the dolphins and the whales
Bend and stretch, bend and stretch
Oh yeah, it's time to set sail

Give a bear hug with arms so big and wide
Give a bear hug, sway it side to side
Point and tap your right foot with hands upon your hips, now bring your right toe to give your left
knee a kiss

Stand up straight with your fishy fins on
Feet together now we bend to the song
Bend and stretch, bend and stretch, you're right where you belong
Come on little fishies gonna blow a fishy kiss
Move your fishy tail and puff your fishy lips
Blow a bubble right and blow a bubble left
Come on, get ready for this

Give a bear hug with arms so big and wide
Give a bear hug, sway it side to side
Point and tap your left foot with hands upon your hips, now bring your left toe to give your right
knee a kiss

Come on fishies, let's see your first position
Heels together and toes are open
Open up your arms like you're holding a bubble
Now give it a pop cuz we're ready to cuddle

Give a bear hug with arms so big and wide
Give a bear hug, sway it side to side
Point and tap your left foot with hands upon your hips, now bring your left toe to give your right
knee a kiss
Come on! Sing it with me!
