GOODBYE SONG

It's time to say good-bye for now. What are all the ways you say goodbye?

The time has come to leave the party
Jump right and take a bow
Jump left and take a curtsy
Blow a kiss before we head on out

Show 2 peace signs, for all the good times
Clap your hands once, now slap your knees twice
It's time to leave but, I'll see you next time
March in place, these are the ways we say farewell

Wave goodbye, Adios, Sayonara
Au Revoir, now go have lots of fun
Cheerio and see you soon, ta ta, maybe tomorrow
Can't wait to be back here with you and everyone

The time has come to move along now
Jump right and take a bow
Jump left and pump your fists now
Blow a kiss before we head on out

Show 2 peace signs, for all the good times
Clap your hands once, now slap your knees twice
It's time to leave but, I'll see you next time
March in place, these are the ways we say farewell

Wave goodbye, Adios, Sayonara
Au Revoir, now go have lots of fun
Cheerio and see you soon, ta ta, maybe tomorrow
Can't wait to be back here with you and everyone
