

POTTY TIME

What a day for the playground
I love skipping around now
And all my friends are here
I climb up on a ladder
and then slide down even faster
I take the toy wheel and steer

But then I get a feeling
I need to go soon
Here's what I'm gonna do

Oh my, I gotta go potty now
So I take a break and figure it out
And find a bathroom somewhere very close, cuz
It's time, I'll go and then I'll flush
And now i'm not in a rush
I wash my hands, and then get back to
playing with my friends

I walk back to the playground
Back to skipping around now
And all my friends are here
I climb up on a ladder
I slide down even faster
take the toy wheel and steer

But then I get a feeling
I need to go soon
Here's what I'm gonna do

Oh my, I gotta go potty now
So I take a break and figure it out
And find a bathroom somewhere very close, cuz
It's time, I'll go and then I'll flush
And now i'm not in a rush
I wash my hands, and then get back to
playing
Oh my, I gotta go potty now

So I take a break and figure it out
And find a bathroom somewhere very close, cuz
It's time, I'll go and then I'll flush
And now i'm not in a rush
I wash my hands, and then get back to
playing with my friends
