

BALLOON BOP POP

Grab your big round red balloon,
hop on one foot to this groovy tune
Clap your hands and gimme a jump!
Now shrug those shoulders give 'em a bump

Balloons are soaring right up the sky
But we can jump so high and float on with them 'cuz

This is the balloon bop, bop bop
Don't let your balloon pop, pop pop
Put your elbow to your knee like you're climbing a tree
Other elbow to your knee, keep on climbing that tree
This is the balloon bop, bop bop
Don't let your balloon pop, pop pop
Shake it out to the right, gonna shake it all night
Shake it out to the left, yeah we're doing our best
Hey!

Grab your big round yellow balloon
Hop on one foot to this groovy tune
Jump in a square but hold on tight
Jump over that balloon to the left and right
Left right left right

We go soaring right up to the sky
Our balloons take us so high, we'll float forever, 'cuz

This is the balloon bop, bop bop
Don't let your balloon pop, pop pop
Put your elbow to your knee like you're climbing a tree
Other elbow to your knee, keep on climbing that tree
This is the balloon bop, bop bop
Don't let your balloon pop, pop pop
Shake it out to the right, gonna shake it all night
Shake it out to the left, yeah we're doing our best
Hey!
