

DANCIN' DOLLS

Wind the box up, with both your arms
Turn the key around slow
Open the lid to a dancing doll
Now it's time for the show

See how my head's moving side to side
Now it nods up and down
I open my arms, and I stretch them wide
And roll my shoulders and around

Shake your hips now
Wave your hands now
We're jumping all around
Skip to the front now
Hop to the back now
We're moving to the sound
We're dancing dolls
We're dancing dolls
We're dancing all around

Wind the box up, with both your arms
Turn the key around slow
Open the lid to a dancing doll
Now it's time for the show

See how my head's moving side to side
Now it nods up and down
I open my arms, and I stretch them wide
And roll my shoulders and around

Shake your hips now
Wave your hands now
We're jumping all around
Skip to the front now
Hop to the back now
We're moving to the sound
We're dancing dolls

We're dancing dolls
We're dancing all around

Shake your hips now
Wave your hands now
We're jumping all around
Skip to the front now
Hop to the back now
We're moving to the sound
We're dancing dolls
We're dancing dolls
We're dancing all around
