

Funky Fun In The Sun

Hey kids, what do ya know? It's summertime and we're ready to go
Can you reach up and touch the sun? Can you wave your arms right, left, and done!
Hey friends feel the beat, let the sunshine flow from your head to your feet
Jump jump put hands on your hips, let's get a hula hoop in the mix
Swing it around to the right
Swing it around to the left
Swing it around to the right
Come on friends, we're feeling alright

Feeling funky, feeling fun,
So refreshing, dance in the sun
Spin around and jump front then back
Shimmy those shoulders you're right on track (right on track!)

Hey kids lookin' good, wave your hands in the air like you know you should
Can you reach down and touch the sand? Can you wiggle your body like a rubber band?
Hey friends jump up and down, wave your hands like the wind down to the ground
Stand up, put your hands on your hips, let's get a hula hoop in the mix
Swing it around to the right
Swing it around to the left
Swing it around to the right
Come on friends we're feeling alright

Feeling funky, feeling fun,
So refreshing, dance in the sun
Spin around and jump front then back
Shimmy those shoulders you're right on track

Hey! Go crazy! Put your hands on your knees and bounce
Hey! Go crazy! Let me see you bounce bounce!
Hey! Go crazy! Put your hands on your knees and bounce
Hey! Go crazy! Let me see you bounce bounce!

Feeling funky, feeling fun,
So refreshing, dance in the sun
Spin around and jump front then back
Shimmy those shoulders you're right on track (right on track!)

Hey!
