

Movie Time Magic

It's a red carpet movie debut, march down the aisle and wave to the crowd
Hey Hey, skip skip and sing it out loud
It's a red carpet movie debut, march down the aisle and wave to your fans
Hey hey, gallop around 'cuz we're feelin' these jams!

Pose for the picture you're the star of the screen
Jump in your seat 'cuz it's time for your scene
Spin right around, all your friends are there
It's time for movie magic and we're, we're walkin' on air

Movie is over, it was a blast! We jump on one foot then on two!
Hey hey, shake your hips to the right, you know what to do
Movie is over, it was a blast! Now hop hop right down the stairs
Hey hey, shake your hips to the left like you really don't care

Pose for the picture you're the star of the screen
Jump in your seat 'cuz it's time for your scene
Spin right around, all your friends are there
It's time for movie magic and we're, we're walkin on air

Come on everybody, it's time to go home
Wave at the audience, they enjoyed the show
Let's march around the room feeling oh so proud
And when you're ready, skip on out, don't forget to take a bow

Pose for the picture you're the star of the screen
Jump in your seat 'cuz it's time for your scene
Spin right around, all your friends are there
It's time for movie magic and we're, we're walkin' on air
