

My Dad is Rad!

Hey dad, you're number 1, in oh so many ways
In everything you do, and all the things you say
You sing my favorite songs, and pick the coolest clothes
When we're swinging in the park, or hanging back at home

Wherever we go
We play games, you make snacks
And you've always got my back
I want you know
You're the best dad around, true fact
What you think of that?

Thumbs up, good job dad
You really win first prize
Good stuff, you're so rad
A winner in my eyes
I gotta clap it up, for all the ways
You make each day so fun
I wave my hands up in the air:
hey everyone
MY DAD IS RAD
My dad is rad

You always listen when I tell you bout my day
And when I'm feeling blue you know just what to say
You give the best bear hugs, and read my favorite books
And You make sure my scrapes are fine when i'm afraid to look

Wherever we go
We play games, you make snacks
And you've always got my back
I want you know
You're the best dad around, true fact
What you think of that?

Thumbs up, good job dad
You really win first prize
Good stuff, you're so rad
A winner in my eyes
I gotta clap it up, for all the ways
You make each day so fun
I wave my hands up in the air:
hey everyone
