

SNACKTIME SHUFFLE

Oh it's snack time, my favorite time of day
I hear my belly call, the food is on its way
Take a little bite, have a little sip, shuffle to the right with your hands upon your hips
Yeah it's snack time, and we came to play

Brush brush the crumbs off your shirt,
brush brush the crumbs off your face and let's

Shuffle, step, rub your tummy now
Shuffle, step, snacks so yummy now
I wanna see you move your feet now to the left
I wanna see you move your feet now to the right
Ooo ooo shake the water off your hands now come on
Ooo ooo shake shake shake, snack time!

Oh it's snack time, I'm gettin' hungry now
Calling everyone, it's time to gather 'round
Take a little sip, have little bite, shuffle to the left with your footsteps feelin' light
Yeah it's snack time, and we're getting down

Brush brush the crumbs off your shoulders,
brush brush the crumbs off your pants and let's

Shuffle, step, rub your tummy now
Shuffle, step, snacks so yummy now
I wanna see you move your feet now to the left
I wanna see you move your feet now to the right
Ooo ooo shake the water off your hands now come on
Ooo ooo shake shake shake, snack time!
