WACKY WEDNESDAY

Take right hand and make a stop sign
Use left hand to wave 'em through
Now head bob, it's down low, up high
I feel zany, how bout you?
Let's spin right, around in circles
Try standing on all your toes
Now spin in the left direction
Today this is how we roll

Move in slo-mo
Soon we lose control

It's time for wacky wednesday
You know that's the best day
Yeah twist and get crazy
If you're with me clap 1 2 3
It's time for wacky wednesday
silly dance with my friends day
Yeah twist and get crazy
If you're with me clap 1 2 3

Take right foot and draw a circle
Take left foot and tap your toes
Now raise your hands all the way up
And then put them way down low
Yeah, nod your head, up down up down
Then shake your head left and right
Now point to the ground and sky too
This wednesday is outta sight

Move in slo-mo
Soon we lose control

It's time for wacky wednesday
You know that's the best day
Yeah twist and get crazy

If you're with me clap 1 2 3
It's time for wacky wednesday
silly dance with my friends day
Yeah twist and get crazy
If you're with me clap 1 2 3

move in slo-mo
Soon we lose control

It's time for wacky wednesday
You know that's the best day
Yeah twist and get crazy
If you're with me clap 1 2 3
It's time for wacky wednesday
